

KANSAS CITY FRAUD BALLOTS STOLEN

FRED BRADLEY
IS BURIED AT
ROGERS CITYHIGH COAST GUARD
OFFICIALS ATTEND
FUNERAL RITES

Rogers City, Mich., May 28 (P)—Congressmen, state officials, high ranking coast guard officers and fellow townsmen of Rep. Fred A. Bradley joined today in a final tribute to the Michigan congressman who died Saturday.

As citizens from high and low places paid their final respects, it was reported by the Presque Isle County Advance that Bradley's widow had agreed to be a candidate for the unexpired term of her husband.

At the request of the Michigan delegation in Congress, the weekly said, Mrs. Bradley had consented to run for the office. The paper added Bradley's widow had worked closely with him at all times, adding:

"His fellow congressmen feel the best interests of the district and nation will be served if she can continue in his place."

Crew members of the ice breaker Mackinac also attended simple funeral services in Westminster Presbyterian church for the 49-year-old Bradley.

Scores of Bradley's fellow townsmen filed solemnly past his bier before the service.

The Rev. Joseph Kennedy of the First Presbyterian church at Mt. Clemens, a former Rogers City pastor and close friend of Bradley, conducted the funeral service assisted by the church pastor, the Rev. William J. Lichau.

Services Brief
Four top-ranking coast guard officers were honorary pallbearers. They were Admiral Joseph Farley, Commodore J. A. Hirschfield, Commanders Carl B. Olsen and Chester Bender.

Active pallbearers were Harold Terry, Ray Dueltgen, Charles Hoffman, Capt. F. F. Bourne, A. D. Cone and Guy La Bonte. All were relatives or close friends of the congressman.

The brief, simple service included a brief eulogy by Rev. Kennedy and two hymns "My God and I" and "Let Not Your Heart Be Troubled."

Then Bradley's body was taken to Rogers City Memorial Park for burial beside the remains of his only son, Carl, who died in 1933 at the age of two.

The congressional delegation included Rep. Al Wikel (R-Ohio), ranking member of the House merchant marine and fisheries committee, of which Bradley was chairman, and Rep. Bartel J. Jonkman, Grand Rapids, Mich., Republican.

Accompanying them was Guy Nearing of Bowling Green, O., a Cornell university classmate of Bradley's.

Rain Grounds Planes
State officials present included Governor Sigler; Senator Otto Bishop of Alpena, and Representatives Emil Peltz of Rogers City, Hugo Nelson of Indian River, and George Girschbach of Sault Ste. Marie.

Coast guard planes which were scheduled to carry the legislators to the funeral were grounded at Lansing by heavy rains, so state police cars provided an escort for the party, which arrived shortly before the services started.

All communities in Northern Michigan and the Upper Peninsula also sent representatives to attend the rites.

The Rev. Kennedy, in a brief but eloquent sermon, praised Rep. Bradley, declaring:

"He had a gift for friendship"

Tax On Boats Voted
At Lansing To Raise
Million In Revenue

Lansing, May 28 (P)—A proposed tax on boats which would boost state revenues some \$1,000,000 a year was scheduled for Senate vote tomorrow after plans for a session tonight were cancelled.

The measure progressed in the upper House today as Senator James T. Milliken, Traverse City Republican and chairman of the Senate taxation committee, declared the vessel owners were paying "very little" tax on their ships in Michigan, estimating that not more than \$200,000 is collected now.

The Senate chopped off a House amendment which would have

TRUMAN GOING
BACK TO WORKAiling Mother Continues
To Improve; President
May Leave Today

Granview, Mo., May 28 (P)—President Truman said late today his mother was so much better that, barring an unexpected change, he will return to Washington tomorrow.

Returning to Kansas City from his mother's bedside shortly after 5 p. m. (Central Daylight Time) the president told reporters:

"The news is good. She is holding her own the doctors think it is safe enough for me to return to the White House tomorrow."

If the weather permits, he said in response to a question, he will take off from Missouri sometime tomorrow morning.

The 94-year-old patient's temperature was normal, "her respiration, excellent and her pulse, good," said a bulletin from Brig. Gen. Wallace H. Graham, the White House physician.

Her condition, the aftermath of complications developing from inactivity as a result of a hip fracture suffered in mid-February, reached a low point last Saturday night. Since then there has been steady improvement.

The president plans to return to Grandview next week to check up on his mother's condition again when he keeps a long-standing engagement to address the annual reunion of the Thirty-Fifth Division, with which he served in World War one. The reunion is scheduled for June 6.

COUNCIL LOOKS AHEAD

Detroit, May 28 (P)—The city council, with sly anticipation, today approved the purchase of a male giraffe for the Detroit zoo at a cost of \$3,750.

Zoo officials said it would be a good investment.

The only giraffes at the zoo now are two females.

NOOSE CLAIMS
26 MORE NAZI
CAMP GUARDSVICTIMS SARDONIC
ABOUT AMERICAN
JUSTICE

BY THOMAS A. REEDY
Landsberg, Germany, May 28 (P)—Twenty-six more guards and torturers of the Nazi's Mauthausen concentration camp—some making sardonic speeches about American justice—died on twin gallows here today as U. S. Army hangmen completed the biggest Allied mass execution of convicted war criminals.

The executions this morning at Landsberg prison, which were carried out in three and a half hours, brought the two-day total to 48. Twenty-two other guards and foremen of the camp were hanged yesterday in two hours and 37 minutes.

A last-minute stay was granted to Otto Striegel, 32, the Mauthausen mess sergeant. U. S. Army headquarters indicated a final decision in his case would be reached within 24 hours.

The highest ranking Nazi among the condemned men, August Eigruber, 40, galleiter of upper Austria from 1939 to 1945, declared grimly a few moments before the trap was sprung:

"I regard it an honor for me to be tried and hanged by the most inhuman of all victors."

Wilhelm Henkel, 39, Mauthausen dentist, was the only one who cracked under the strain. Shaking with fright, he broke into wild sobs of "Lord help me," and screamed that he "thought American troops were here for justice and freedom."

Maj. Victor Zoller, 35, camp commandant and the last to be executed, smiled slightly and declared he was not a war criminal. "Many who were hanged here yesterday were not war criminals either," he added.

Dr. Waldemar Wolter, 39, camp physician, said "here stands might over right."

Willi Frey, 23, elite guardman and youngest of the condemned men, who had told his guards he would go to his death singing "Open The Door, Richard" and "Give Me Five Minutes More," was subdued when he marched up the black-draped scaffold.

"I am praying like Jesus on the cross," he said haltingly. "I am dying without fault. Father forgive them."

The men were convicted by an American military court of slaughtering more than 700,000 persons at the infamous Mauthausen camp. Today's executions brought to 95 the number of war criminals put to death at Landsberg prison, where Adolf Hitler wrote "Mein Kampf."

PASTOR LINKED
TO BEER TRADELiquor Commish Gives
Report On Crusade
At Rose City

Lansing, Mich., May 28 (P)—The state liquor control commission said today that a Rose City minister, who recently began a crusade against liquor conditions in his community, was once convicted of drunk driving and that he at one time sought a beer truck driver's license.

The charges brought an immediate denial from Mrs. Cecil A. Scott, wife of the 44-year-old Methodist minister but the clergyman was not available for comment.

Commission Chairman Owen J. Cleary and Special Assistant Attorney General Glenn C. Hague, a special commission attorney, made the disclosures in a report to Governor Sigler today.

They gave Sigler a copy of a state police report which, they said, told of Scott's arrest and conviction at Flint on July 12, 1931, on the drunk driving charge. Hague told the governor he had positively established that the subject of the report and the clergyman were the same person.

Hague also assured the governor he had made a positive identification of Scott as the man who obtained the beer truck license in 1941 when he represented himself as an employee of the Knoblock Distributing company of Saginaw.

The surprising developments were contained in a report which Cleary presented to Sigler today. In it, he formally exonerated his staff of 72 investigators of accusations that some were responsible for "tipping off" Rose City licensees that a survey of liquor conditions was scheduled.

Snow Comes,
With Summer
Due In Month

Chicago, May 28 (P)—An unseasonable cold snap brought snow and freezing temperatures into a belt extending from Wyoming to Wisconsin today.

Summer was less than four weeks away on the calendar, but in several states a heavy blanket of wet snow snapped tree branches, broke power lines, but telephone service was not affected. The fall was heavier than any last winter.

Shrubs and flowers were bent to the ground at Cheyenne, Wyo., where more than five inches of snow was recorded. At Denver, heavy rain and light snow disrupted air service. A three inch snow blanket covered parts of northern Colorado.

Washington Dry
Snow also fell in South Dakota and Iowa. Temperatures dropped to freezing in Wisconsin and Minnesota and frost was threatened as far south as northern Illinois and northern Indiana.

Record cold the date was reported in numerous cities, including Bismarck, N. D., with 23 and Des Moines, Ia., with 38.

Heavy rains followed by clearing skies and colder were forecast for the midwest generally as a cold air mass moved down from Canada.

Hot, dry weather continued along most of the northern Pacific Coast, although southwestern Oregon reported the first rainfall in nearly three weeks. The rain added crops and eased a fire threat.

In Washington, forest fire conditions were reported critical. One large and several smaller fires were reported. Wheat and other non-irrigation crops have been retarded by the dry weather.

Meanwhile, in the Sunnyvale district of Santa Clara county, California, a helicopter that flew almost at treetop altitude was credited with saving a \$250,000 cherry crop from heavy damage in the wake of a general rain. Orchardists said the craft's down-draft blew raindrops from the fruit, which would have swollen and burst under a hot sun.

BUDGET IS CUT
FOR FARM FUNDCompromise Agriculture
Appropriation Bill
Passes In House

BY WILLIAM F. ARBOGAST

Washington, May 28 (P)—The House passed, 315 to 38, and sent to the Senate tonight a \$847,601,976 agriculture appropriation bill for 1948, with total reductions of \$340,969,342 below the president's budget requests.

Except for the addition of \$40,000,000 in a compromise move, there were no major changes in the bill from the form in which it was approved by the House appropriations committee.

Just prior to passage the House rejected 180 to 174 a motion to send the bill back to committee with instructions to increase it by roughly \$165,000,000.

The added \$40,000,000 is part of a \$148,000,000 fund the agriculture department had expected to receive next year from import duties. The appropriations committee had recommended that the entire fund be turned into the treasury but agreed at the last minute to allow the department to use the \$40,000,000.

The fund, known as "Section 32" money, is used by the department for programs to encourage exportation and domestic consumption of agricultural commodities.

As it finally cleared the House following two days of debate, the bill carried a cut of 28.7 per cent below the president's budget. The appropriations committee had recommended a 32 per cent cut, or \$383,427,742 from the \$1,188,571,318 budget.

Senate bill—\$500 without qualifications.

DEPUTY RESIGNS

Lansing, May 28 (P)—Attorney General Eugene F. Black today announced the resignation of John W. Bradshaw, deputy attorney general, effective June 1. He will enter private business in Detroit.

Bradshaw will be succeeded by Peter E. Brandt of Lansing, assistant attorney general since 1939.

NO PAPER SATURDAY

Because of the observance of Memorial Day, the Escanaba Daily Press will not be published Saturday morning, May 31. There will be an issue tomorrow morning, May 30, however.

FOUR BILLION
CUT VOTED IN
INCOME TAXESPAYMENTS SLASHED
20 - 30 PERCENT
BY SENATE

Washington, May 28 (P)—A \$4,000,000,000-a-year income tax cut was voted late today by the Senate, 52 to 34.

The bill, which reduces the payments of most taxpayers by 20 to 30 per cent, now goes back to the House, which already has passed tax reduction legislation of similar nature.

There is one big difference between the two bills, however. The House voted to make the reduction retroactive to last Jan. 1; the Senate decided to make it effective this coming July 1.

This, and other differences, probably will be ironed out in a Senate-House conference committee. Then President Truman will be confronted with the question whether he shall sign a bill he doesn't like.

The Senate bill provides these percentage reductions:

30 per cent off for persons whose net income, after exemptions and deductions, is \$1,000 or less.

From 30 to 20 per cent for persons with net incomes of \$1,000 to \$1,400.

20 per cent for incomes of \$1,400 to \$79,700.

15 per cent from \$79,700 to \$302,400.

10.5 per cent on all above \$302,400.

Exemptions For Aged

The bill also provides an additional \$500 personal exemption for taxpayers over 65 years of age, and for their spouses too, if they have reached 65.

Before the final vote, the Senate slapped down, 58 to 28 an attempt by Senator Lucas (D-Ill.) to scrap the whole pending measure and substitute another, featuring by a \$100 increase in personal exemptions and a cut of two percentage points in each surtax rate. He said this would be fairer to those in the low income brackets.

Before Lucas called up his substitute, the Senate killed the following proposed amendments:

By Senator McClellan (D-Ark.), to increase the personal income tax exemption from \$500 to \$750 for single persons, and from \$1,000 to \$1,500 for married couples. The vote was 44 against to 27 for.

By McClellan, to recognize family partnerships for federal tax purposes. This was defeated 54 to 29.

By Senator McCarran (D-Nev.), to permit the deduction for tax purposes of capital investments in business, up to \$125,000 or half of a single business' net income, whichever is smaller. This was rejected 60 to 16.

HOW THEY DIFFER

Washington, May 28 (P)—Here are the principal differences between the Senate and House versions of the tax reduction bill:

Effective date:

House bill—January 1, 1947.

Senate bill—July 1, 1947.

Rate reductions:

House bill—50 per cent off present income taxes of persons with net incomes of \$1,000 or less, after deductions and exemptions; from 30 to 20 per cent off on incomes of \$1,000 to approximately \$1,400; 20 per cent off from \$1,400 to \$302,400; and 10.5 per cent on all above \$302,400.

Senate bill—Same as House bill, except for a 15 per cent instead of 20 per cent reduction on income between \$79,700 and \$302,400.

Extra personal exemption for persons over 65 years of age:

House bill—\$500 for taxpayer over that age, with a requirement that individuals who qualify for it include in their gross income the first \$500 of any pensions, annuities or officers' retirement pay which otherwise would not have been subject to tax under existing law.

Senate bill—\$500 without qualifications.

FIRE ERASE FAMILY

Cadillac, Mich., May 28 (P)—Edwin Burton, 73, of Marion, whose wife and mother were fatally burned last New Year's day, died today of burns suffered May 9 when a second fire destroyed his three-room home.

Burton had built the new house after fire caused by a coal heater explosion destroyed his and killed his wife and mother.

HOUGH ON COMMISSION

Lansing, May 28 (P)—Appointment of Cass S. Hough, vice president and general manager of the Daisy Manufacturing company of Plymouth, to the Michigan Aeronautics commission, was announced today by Governor Sigler. He will succeed William F. Murray of Detroit, whose term has expired.

The two men safely accounted for today were Tech. Sgt. Peter Reale, 1422 McAlpine Ave., Nashville, Tenn., and Sgt. Ray English, Blair, Neb. The plane caught fire and crashed a week ago while en route to Kelly Field, Tex.

ADMITTS KILLING FOUR—

Oliver Terpenning, 16, above, farm boy living near Inlay City, Mich., has admitted killing four neighbor children with a rifle while they were out picking wild flowers. In a 10-minute appearance in justice court at LaPeer Wednesday, the youthful defendant waived examination and was bound over for circuit court arraignment June 2 on a murder charge in the death of his playmates.

UNION REJECTS
FORD CO. OFFEROld-Age Retirement Plan
Wanted Along With
Wage Increase

Detroit, May 28 (P)—The CIO United Auto Workers today rejected an offer from the Ford Motor Co. of the equivalent of a 15 cent an hour wage increase for 130,000 production employees because it did not include an old-age retirement plan.

The offer called for an 11½ cent hourly wage increase plus six paid annual holidays, a pattern similar to that accepted in other auto plants.

With a retirement plan, the wage offer might be acceptable.

However, Ford went ahead with plans for a 10 per cent hike for 20,000 salaried employees, to become effective June 1. It was announced in conjunction with the offer to the UAW-CIO.

The company offered to work out details of the 11½ cent distribution if the union preferred any part of it in a form other than wages.

The proposed 11½ cent boost would make Ford's average hourly production wage about \$1.50½ compared with \$1.42½ for General Motors and \$1.44½ for Chrysler.

Dam Swell Yankees,

Says Texas Mayor
Of Lansing People

Lansing, May 28 (P)—The coiner of the phrase "Dam Yankees" left out a word, Mayor J. C. Trahan of Texas City, Texas, told the Michigan House of Representatives today.

Here to accept a fire truck as a gift from a Lansing manufacturer Mayor Trahan said the phrase should be "Dam-Swell-Yankees."

Introduced to the state representatives, the mayor was invited to the rostrum for a few remarks.

The new fire truck is designed to help rebuild Texas City's department, demolished when a series of explosions virtually leveled the town.

THIEF CARRIES
OFF EVIDENCE
TO ARREST 81STEEL VAULT DOORS
BROKEN TO SNATCH
GRAND JURY DATA

Kansas City, May 28 (P)—Evidence upon which a state grand jury returned 81 vote fraud indictments was stolen today.

Thieves broke down two steel doors in the vault of the Kansas City board of election commissioners and rifled the contents of three metal box boxes, containing ballots, poll books and tally sheets.

This was evidence used by the grand jury during a two months investigation of alleged vote juggling in the August Democratic primary election, which attained national prominence when President Truman urged defeat of Rep. Roger C. Slaughter, Democratic congressman from the fifth Missouri district. Slaughter was running in a district adjacent to Truman's home district.

Candidate Cheated
The theft took place less than 12 hours after the grand jury had completed its statutory term with a report expressing belief that Slaughter had been deprived of the nomination through a miscounting of the ballots, thus giving victory to the President's selection, Enos Axtell. Axtell was defeated in the general election by Republican Albert L. Reeves, Jr.

Report of the theft reached the U. S. Senate judiciary committee shortly after it opened a hearing on a request that the body consider a full scale investigation into the alleged "failure" of U. S. Attorney Tom C. Clark to act in connection with the Kansas City primary.

Clark, who was at the hearing, immediately directed the FBI to "check into" the theft.

Original probe of the alleged vote fraud was undertaken by the Kansas City Star. In a three months period a staff of investigators employed by the Star uncovered what they termed wholesale juggling of the count, vote buying and coercion.

Later the Star's file was turned over to County Prosecutor James Kimbrell and a grand jury called.

Admission Of Guilt?
Most of the 71 persons named in the 81 indictments were accused of making false returns from an election or aiding in making false returns.

Hugh C. Moore, foreman of the jury, declared the theft "might mean the result of eight weeks' work by the jury is destroyed."

"To me," he added, "the theft looks like a brazen admission of guilt on the part of someone."

At Jefferson City, Grover C. Dalton, Republican state chairman, declared that the theft indicates that the Pendergast machine is "just as rampant under the protection of Harry S. Truman as it was under Mr. Truman's mentor, Tom Pendergast."

He further charged that alleged failure of the FBI to investigate fully could be laid to what he termed Mr. Truman's encouragement of the revival of the Pendergast machine.

In the primary James Pendergast, successor to his uncle as head of the once-powerful Pendergast organization, backed Axtell and a number of candidates

Harold Richards' Lawsuit Settled
Caspan—A \$50,000 personal damages suit filed against an Aberdeen, S. D., construction firm by Mr. and Mrs. Harold Richards of Caspan was settled out of court at Webster, S. D., last week, an hour before the jury trial of the suit was to begin.

The litigation arose from an accident in October 1945 when a truck of the construction firm drove through an arterial stop on to main highway and collided with the Richards' car.
Mrs. Richards sustained serious injuries which resulted in permanent impairment of vision, disability due to a compound leg fracture and other painful injuries. She was confined to a hospital for many weeks. Mr. Richards was less seriously injured. Their car was badly damaged.

Miss Hiawathaland Contest Is Planned

The contest to select some outstanding Escanaba young lady who will reign as Miss Hiawathaland during the city's Hiawathaland Festival will begin tomorrow, it was announced by the Miss Hiawathaland Contest committee. James Frenn, chairman of the committee, said that the contest would be to select the young lady with the most civic interest and personal initiative and in no way will it be similar to the typical bathing beauty contest.

"This is an entirely different type of contest," he pointed out. "The Hiawathaland Festival is a very worthy city-wide affair and its success will depend entirely on the support and interest and enthusiasm on the part of the entire population, and the purpose of the contest will be to find the young lady who will display the most interest and ability in accepting some civic responsibility."

"The success and progress of any community depends on the young people who gradually take an interest and assume leadership in the activities of the community," Mr. Frenn pointed out, "and the purpose of this contest will be to find the young lady in Escanaba who by her own hard work and initiative in obtaining the support of other people does the most to make the Hiawathaland Festival a success."

The lucky girl who wins the coveted honor will be crowned as Miss Hiawathaland during special coronation ceremonies to be conducted during the presentation of the mammoth historical spectacle "Hiawathaland Saga" to be presented each night of the festival. Plans are now in process to have an important personage here for the coronation ceremonies. Miss Hiawathaland will be furnished a very special costume and will have an important official role in the historical spectacle itself and will receive many other honors during the entire four days of the festival.

The contest is open to all unmarried girls 17 years of age or older. The 12 queens of the various athletic activities as announced in yesterday's Daily Press are also competing for the title of Miss Hiawathaland.

Nominating coupons will appear in this paper tomorrow and Sunday and complete rules for the contest will be published tomorrow.

Traffic Signals At 14th Delayed By Broken Lens
The installation of the traffic control signals at the intersection of Ludington and 14th streets has been completed by city electricians but the lights will not be placed in immediate operation. One lens and reflector was broken in shipment and it was decided not to put the control lights into operation until replacement is secured for the broken lens and reflector. City officials indicated that it may take several weeks to secure replacements for the damaged parts.

Flat Rock Man Hurt In Farming Mishap

Joseph Duchaine, 20, son of Mr. and Mrs. Jule Duchaine, of Flat Rock, suffered injuries to his left arm and right leg in a farming mishap near Flat Rock yesterday afternoon. He is being treated at St. Francis hospital. The injuries are not considered serious.

Working on a cultivator, Duchaine was injured when he jumped to the ground after the horse bolted and ran when the rake tongue broke.

BEWARE OF PIN-WORMS
Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.

Watch for the warning signs, especially the embarrassing, nagging rectal itch. After centuries of Pin-Worm distress a really effective way to deal with them has been established through JAYNE'S P.W., the new Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son. The small, easy-to-take P-W tablets give satisfaction or your money back. So why take chances on Pin-Worms! If you suspect this nasty infection, ask your druggist for P-W and follow the directions. It's easy to remember: P-W for Pin-Worms!

Miss Hiawathaland Contest Is Planned

The contest to select some outstanding Escanaba young lady who will reign as Miss Hiawathaland during the city's Hiawathaland Festival will begin tomorrow, it was announced by the Miss Hiawathaland Contest committee. James Frenn, chairman of the committee, said that the contest would be to select the young lady with the most civic interest and personal initiative and in no way will it be similar to the typical bathing beauty contest.

"This is an entirely different type of contest," he pointed out. "The Hiawathaland Festival is a very worthy city-wide affair and its success will depend entirely on the support and interest and enthusiasm on the part of the entire population, and the purpose of the contest will be to find the young lady who will display the most interest and ability in accepting some civic responsibility."

"The success and progress of any community depends on the young people who gradually take an interest and assume leadership in the activities of the community," Mr. Frenn pointed out, "and the purpose of this contest will be to find the young lady in Escanaba who by her own hard work and initiative in obtaining the support of other people does the most to make the Hiawathaland Festival a success."

The lucky girl who wins the coveted honor will be crowned as Miss Hiawathaland during special coronation ceremonies to be conducted during the presentation of the mammoth historical spectacle "Hiawathaland Saga" to be presented each night of the festival. Plans are now in process to have an important personage here for the coronation ceremonies. Miss Hiawathaland will be furnished a very special costume and will have an important official role in the historical spectacle itself and will receive many other honors during the entire four days of the festival.

The contest is open to all unmarried girls 17 years of age or older. The 12 queens of the various athletic activities as announced in yesterday's Daily Press are also competing for the title of Miss Hiawathaland.

Nominating coupons will appear in this paper tomorrow and Sunday and complete rules for the contest will be published tomorrow.

108 Veterans Enrolled In 'G. I. Institute' At Escanaba High School

One hundred and eight Escanaba veterans of World War II are attending the Veterans' Institute being conducted at the Escanaba high school under the supervision of the Veterans' Administration, it was announced yesterday by Henry A. Mosher, manager of the VA's Upper Peninsula sub-regional office here.

Of this number, 96 are taking related instruction—four hours of class each week—in connection with their respective on-the-job training programs. In addition to regular employment with an Escanaba employer under the G. I. Bill of Rights, each employee enrolled is required to take four hours of class each week.

Nine students are full-time enrollees of the Veterans' Institute, attending classes regularly at Escanaba high school to earn credit toward a high school graduation certificate or in preparation for college. Three are part time students.

39 At Cloverland
Thirty-nine veterans are attending Cloverland Commercial college here, making a total of 147 former servicemen and women attending school in Escanaba under the G. I. Bill of Rights.

U. P. Lions Conevne
Sunday In Sault

The Tenth district of Lions International, embracing all of Upper Michigan, will assemble in Sault Ste Marie, Mich., Sunday through Tuesday, June 3, for their annual convention. Approximately 150 delegates of the various U. P. districts and their wives will attend.

Nine delegates have been chosen to represent the Escanaba Lions. They are John Boyle, Edward Kasun, Harlan Yelland, Gust Asp, Arthur Goulais, Bruce Brackett, Jim Costley, Harry Wait and one other alternate to be selected this week.

Chief item on the business agenda will be election of a new district governor.

The convention was held in Marquette last year.

ARMY CARAVAN TO COME HERE

Will Show At Escanaba
Fest And Gladstone
Roleo In July

Two of the army's secret weapons of the war—the Norden bombsight and the sniperscope—occupy feature spots in the giant army recruiting caravan slated to appear during the Hiawathaland Festival in Escanaba July 3 to 5 and the Gladstone Roleo July 6 and 7, the army recruiting office here announces.

The 300-foot caravan, consisting of four large trailers and four miscellaneous vehicles bulging with Allied and enemy equipment and weapons, is on a state-wide recruiting tour. It will be located in Escanaba at Sand Point and in Gladstone at the yacht basin.

In its appearance here, the wartime secrecy veil will be lifted to permit trained military technicians to give detailed demonstrations of the intricate operations of the bombsight and the "seeing eye" sniperscope. A link trainer,

of the type which the Army Air Forces used to train thousands of American pilots in the war, will also be on display along with an array of the latest-type Army materiel.

Residents here will recall the key role played by the Norden bombsight on American bombers which reduced leading Axis cities to shambles and prepared the way for the final Allied ground onslaught. The sniperscope, a device which throws a glaring light on objects in complete darkness, was an invaluable aid to American troops in night fighting in the last phases of the war.

A team of picked recruiters, most of them combat veterans and from this area, will accompany the caravan. The recruiters will be on hand at all times to explain the American equipment and weapons and the variety of captured German and Japanese articles. They will also interview and talk with young men here interested in joining the Army.

The giant army caravan is sponsored by the Wisconsin Recruiting District, of which the recruiting office here is a unit. It will visit 75 cities and communities in its 4,000 mile tour of the state.

During the war, 624 of London's 701 churches were bombed and 91 totally destroyed.

Dennis Straka, 6, Dies Here Yesterday

Dennis Michael Straka, six-year old son of Mr. and Mrs. Fritz V. Straka of 410 South 11th street, died at 8:15 a. m. Wednesday in St. Francis hospital of acute appendicitis.

Born in Escanaba May 1, 1941, the deceased was a kindergarden student in the Barr school at the time of his death.

Surviving are the parents, the following brothers and sisters: Shirley, Fred, Linda, Jacqueline and Daniel; the paternal grandmother, Mrs. Mary Straka of Brainerd, Minn.; and the maternal grandparents, Mr. and Mrs. Alex Matonen of Woodlawn, Mich.

The body will be in state at the Alto funeral home Friday evening, and funeral services will be held Saturday at 9 a. m. in St. Patrick's church. Burial will be in Lakeview cemetery.

From where I sit ... by Joe Marsh

Want to Run a "Collective" Farm?

Was reading the other day about the "collective" farms they have in certain countries. It seems the folks who run them have plenty of help ... good hours ... and the best equipment.

Sounds pretty nice—till you learn that the "farmer" doesn't own his land, or even farm it, in our sense. He takes orders from the state; produces whatever they want him to produce, at prices they set. Even his off-hours are spent according to state regulations.

No, that would never go here.

We're willing to work hard, but we like to farm the land our own way, put our own value on the crops, and relax as we like—if only with a temperate, companionable glass of beer.

From where I sit, collective farming may produce results. But the American way—freedom to work and relax as we see fit—is what makes this country a great place to live. So let's not change it!

Warning To Labor

THE house conferees on national labor legislation have agreed to yield to senate conferees on three major provisions of the union-curb bill, thereby improving the chances of adopting a union restriction measure over a probable presidential veto.

One of the issues on which the house conferees have yielded eliminates the prohibition against industry-wide collective bargaining, an important part of the house-approved measure. The senate previously had rejected this amendment by a narrow margin and it was apparent that retention of this feature in the compromised bill would make it unlikely that sufficient votes could be secured in the senate to override a presidential veto.

Although the ultimate bill will not contain a ban on industry-wide collective bargaining, the evil in this kind of labor negotiation is widely recognized. Industry-wide bargaining, in fact, is the lever by which John L. Lewis controls the economic life of the nation. Merely by calling an industry-wide strike in the coal mines, Lewis can—and frequently does—bring the nation to its knees before him.

Even without a direct ban on industry-wide bargaining, the sentiment already displayed in congress on this obnoxious feature of labor negotiation should serve as a deterrent to overly-ambitious labor leaders. Recurrence of crippling strikes on a national level will certainly result in further labor restrictions by congressional decree.

New Housing Agency

THE creation of a single agency to direct the government's loosely knit housing program, proposed by President Truman under the federal reorganization act adopted last year, should find ready acceptance in congress.

The merger of the various federal housing agencies is now being operated under the National Housing Agency, a wartime federal department that would automatically expire six months after the declared end of the war. Then the various housing programs of the federal government would be scattered among 13 agencies in seven departments. President Truman proposes to scrap the NHA now and substitute a permanent housing and home finance agency to handle all government activities in the housing field. The plan is one designed for improved efficiency and more economical operation of the government's housing program.

Housing will continue to be a major problem in this country for a number of years to come. Aside from the acute shortage of existing dwellings, there are thousands of homes and apartments that are not suitable for dwelling purposes but which must be used today because of lack of something better. Government cooperation will be required to help meet the housing problems in the years ahead, just as it is today. It is essential that the federal housing departments be coordinated into a single agency.

Tax Injustice Continues

THE United States senate voted Tuesday to continue a tax injustice affecting 38 states to the benefit of the remaining ten. The senate rejected by a 51-29 vote a proposal to let husbands and wives in all the states split their incomes for federal tax purposes, each reporting half of the total.

Income splitting is now permitted in ten states with community property laws. They are the states of California, Arizona, Texas, New Mexico, Washington, Nevada, Idaho, Louisiana, Oklahoma and Oregon. The community property feature permits residents of such states to gain a substantial tax reduction.

Since congress has refused to rectify this injustice, the only other recourse is for the individual states that do not have community property laws to adopt such legislation for the protection of their citizens. A community property bill is now before the Michigan legislature with indications that it will be adopted at the present session.

The fairer way is to establish tax justice on the national level, specifying that tax reduction already granted to citizens of 10 states be extended to include all of the people of the nation.

Ballot Aid Vetoed

GOVERNOR Sigler's veto of a bill designed to permit elective officials to designate themselves as incumbents on primary election ballots is an action deserving of public applause.

The obvious purpose of the bill was to give present officeholders an advantage over their opponents in ensuing primary elections. The governor rejected the bill because he said it would tend to perpetuate

ate in office those who have been elected, contrary to the spirit of free elections. The governor is fully justified in his appraisal. Elected officials must be expected to base their claim to reelection wholly upon their records in public office. They should not be given any other advantage over opponents in primary elections.

It will be interesting to see whether the lawmakers will insist upon voting themselves an advantage in ensuing elections by passing the measure over the governor's veto.

In fairness to the legislators, it should be pointed out that non-partisan officeholders, such as probate, circuit and state judges, already possess the privilege of designating themselves as incumbents on primary election ballots as a result of legislation adopted in a previous session. The legislators sought to extend this privilege to include themselves.

LIQUOR CONTROL

(Marquette Mining Journal)
Under orders of Governor Sigler the state liquor control commission is conducting an investigation of its investigators to determine the source of a leak of confidential information contained in a complaint by Rev. R. C. Scott, minister of the Rose City Methodist church.

When the inquiry is concluded, some heads should and probably will fall, but this will mean little or nothing unless it is followed by far-reaching steps to strengthen liquor law enforcement in Michigan.

Too many law agencies are presently engaged in the enforcement of the liquor laws. In addition to the liquor commission's investigation and enforcement division, state police, city police and sheriff's departments frequently participate in investigations, arrests and prosecution. Such a setup is made to order for tipoffs and "leaks." It also has led to dual standards of enforcement of the state's gambling laws—by liquor commission investigators on one hand and by state and local police on the other.

An attempt has been made by some legislators to take the state out of the liquor business. This, it generally is conceded, would be unwise from the standpoint of liquor control as well as state finances. It appears, however, that all responsibility for investigation and enforcement of liquor laws and regulations might well be transferred from the commission to the state police. More centralized and uniform enforcement of the liquor and gambling laws are needed. Centering of authority in the hands of the state police should go a long way toward accomplishing this. It would minimize the present division of authority which is making the problem of enforcement far more difficult than it should be.

GAMBLING IN FARMS

(Chicago Daily News)
Many agencies, from the authors of copybook maxims through government bureaus, have endeavored to keep unwise investors and their money from being parted. The results have been indifferent.

We hope better success attends the forthcoming conference of farm and government organizations which will seek means of discouraging further inflation in farm real estate. Values in 24 states are reported to have passed the inflationary peak of the 1920s and still climbing.

The farmers have so far escaped a repetition of the sharp drop in prices of farm products that came after World War I. But it is inviting disaster to continue expanding their holdings at ballooning prices, in the expectation that today's levels will be maintained forever.

The trouble is the inability of the human mind to believe that fortune won't make an exception in our individual case. Maybe we're happier that way.

THE EGG AND I

Q. My eighth-grade English students have been having a rousing discussion over whether or not the title of Betty MacDonald's book, "The Egg and I" (J. B. Lippincott, New York City), is grammatically correct. We'd enjoy one of your lively analyses.—Mrs. C. Z. T.

A. We've just held a staff meeting at which my assistant and head grammarian, Dr. Eliaon Shrdul, delivered himself of this dictum: "Harumph! The title of the book in question (which, of course, I have not read, since it was written in neither Latin nor Greek, nor translated from the Sanskrit, harumph!) is not a complete sentence; ergo, it cannot express a complete thought. Harumph!"

After the good doctor had creaked away to the dimness of his own cobwebby cubicle, the rest of us (I, C. Poorly, proofreader, Maestro Tutti Frutti, language expert, Facsimile Q. Bostop, radio consultant, Miss Corona Remingtonwood, secretary, Handel Turner mimeograph boy, and I) conducted a round table and arrived at this conclusion:

The title, "The Egg and I," although an incomplete sentence, is correct if it is thought of as a compound subject denoting the creator of an action, thus: "The

World Events Analyzed

BY MARQUIS CHILDS

St. Paul, Minn.—It is a striking commentary on our political system that, only twelve months before the nominating conventions of the two major political parties, there should be only one avowed candidate for president of the United States.

Former Gov. Harold E. Stassen of Minnesota is talking about the great issues that confront the American people today. He is putting on the record his beliefs and convictions.

Even more important, he is contributing ideas and imagination to the solution of our problems. That is the function of a statesman. But by any standard you care to apply, this big, broad-shouldered son of the Middle West measures up to that role.

His Jefferson, Iowa, speech the other day was a bold piece of pioneering. Various men in and out of public office have been skirting the dilemma of our time—which is how to make effective use of the economic and technological surplus in this country to promote stability and peace in the world. Cutting through the timid talk, Stassen proposed that for the next ten years we devote 10 per cent of our national production of goods and food "to building for worldwide peace and plenty and freedom."

—REGULATION OF CAPITALISM—
That challenging speech cannot be ignored. I believe it will be a kind of milestone on the road along which we must go.

We will be stirred into thinking in new terms. That is one of the major contributions Stassen is making to his time. In his interview with Stalin, too, there was much to provoke discussion and debate.

In that interview, Stassen told Stalin he believed he could regulate capitalism and thereby preserve the free-enterprise system. He expressed optimism over the future in this country.

In a talk with Candidate Stassen, I asked him to expand this. Why was he optimistic? What did he mean by regulation of Capitalism? The informal discussion developed so many interesting points that I asked permission to record some of the questions and answers. Stassen consented, stressing that our brief talk could by no means cover all his views in this field.

Here, and in a following column, the substance of that talk will be given. Childs: You told Stalin you believe it was possible in America, through regulated capitalism, to stabilize production at a very high level and to maintain high employment without an economic crisis. Tell me first what you meant by the term "regulated capitalism."

Stassen: It is my view that, as contrasted to the traditional capitalism of Europe, with its monopolies and cartels, of which the Communists have written, and as further contrasted to the planned economy of Russia, we have had a regulated, private Capitalism ever since the passage of the Sherman Anti-Trust Act and the Clayton Act covering restraint of trade. The system got out of balance and the regulation proved insufficient at the time of the 1929 crash and depression. But I am convinced that we can work out broad regulations and careful rules within which the dynamics of a private Capitalism should operate. It would be a tragic mistake to turn towards governmental ownership or Socialism or planned economy, or however you wish to label the opposite trends.

—POTATO SUBSIDY—
Childs: There are some signs now of a recession. Perhaps no worse than that. What do you think are the steps that should be taken now, particularly in the light of what the Truman administration has or has not done?

Stassen: I do not consider that there are any major immediate steps that need to be taken. The administration has stepped in too quickly in support of some food prices, such as in the potato situation, and actually caused higher prices right now than there ought to be. We are also still experiencing some of the effects of the bad handling of price controls immediately after the war—which slowed up some essential production. But I look for a gradual downward price movement as various items reach ample production, with spotty adjustments in the near future but no serious depression or economic crisis. My thinking on this entire question of our economic system and its regulation is more on a long-term basis.

In the following column, Stassen discusses monopoly and concentration of economic control. He suggests various means to offset the post-war trend toward ever greater concentration.

Egg and I" had many adventures; "The Egg and I" stuck it out together; "The Egg and I" blaze the way, etc.

On the other hand, if the author of the book and the egg are thought of as being acted upon, the pronoun would have to be in the objective case, thus: This book is about "The Egg and Me." This story tells what happened to "The Egg and Me." A chronicle of the adventures which happened to "The Egg and Me," etc.

In other words, in the title "The Egg and I," the pronoun I is in the nominative case and thus creates the action, as: "The Egg and I" did or experienced all that is written about in this story.

If the title were "The Egg and Me," the pronoun Me, being in the objective case, would denote that which is acted upon, as: All that is written about in this story happened to "The Egg and Me."

So, I'll leave it to the died-in-the-wool grammarians among my readers to decide whether or not "The Egg and I" is grammatical. My staff and I cannot split hairs that fine.

"Me? Oh, I'm Just Part of War's Futility"

Good Morning!

By The Bugler

MEMORIALS — Tomorrow is Memorial Day, the day when the people of the United States will honor its war dead in services held in cemeteries in every city and village and town. There will be fine speeches made and folks will stand with bowed heads beside the flower-decorated graves.

But it is one of the saddest spectacles of our times that while we grieve for our dead young heroes we prepare for the inevitable "next war." It is not that the people of the United States want another war or any war. It is that they foresee the future in darkness and the disillusion of past experience. They hear the president of the United States call for a program of preparedness—with guns and bombs and all the instruments of human destruction to be supplied to our neighbor nations north and south. Yet he does not name the enemy against whom we must prepare. In their hearts the people of America feel that it is Russia and the Russians who are our enemies, and they would prefer to have the president name Russia than to follow the old international political game of hinting yet not naming.

A MATURE PEOPLE—Our national leaders are telling the American people only as much as they feel the people can understand and accept. It is not a good thing to speak guardedly to a free people who have a long history of workable republicanism behind them. They deserve the utmost frankness from their leaders, for the people are the foundation strength upon which our house of government is built.

We are a mature people. We are strong and dependable. We have courage to hear truth, and strength to face realities.

THE TIME IS NOW—The melting pot that is America has produced people of a fine steel, shining into an instrument of government that is the envy of the world, and tempered in the adversity of wars both foreign and internal.

But only in the last world war was that steel sharpened and the strength of the people tested in the vast arena of the world. It was only then that our people grew from the idealism of youth to the careful realism of maturity.

Our young men went away to war without hands playing or other displays of emotionalism. There was a war to be fought against enemies who would, unless beaten, erase the mark of a free people from the tablet of world history.

And the people of America held to the hope that in the postwar world there would be the opportunity for peace for all people; the faith that out of violence might come freedom; and the charitable wish that all men everywhere would govern themselves.

Now the time of disillusion is at hand. For the world bubbles as fretfully as before, threatening eruption and destruction. The United Nations seems a weak and periling infant, given to peevish crying and ineffectual flailing with its puny arms. Perhaps there is something organically wrong with it that we have not yet discovered.

FOR PLAIN SPEAKING—And now is the time for plain speaking, for sincere action. The war made

us accustomed to decisive leadership. It also brought the delegation of authority to a few military and political leaders. The people subjected themselves and their hard-won individual freedoms to the necessities of war. Now that peace is here there is the danger that our people will continue to lean too heavily upon leadership.

The trust we place in our elected representatives does not obviate the necessity for understanding, and the people must be told clearly the situation or they cannot understand. Wars are fought and won or lost on the decisions of leaders. Peace can only be attained by understanding between people.

THE NEXT WAR—There are two principal objectives to which the American people would subscribe with all their heart and soul.

The first is the defense of our own country. The second is the extension of the principle of freedom to the people of the world.

Neither objective can be attained without the cooperative action of the people of the United States.

Leaders may warn, they may declare, and they may levy taxes in an effort to carry out such objectives. Yet the objectives will never be attained unless the people themselves are told the progress of such a program step by step. The flat statement that we must arm the people of the West-

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—When Congress passed its very controversial wool bill—which will raise the tariff on wool—two men operated backstage to help write the legislation. They were: Clinton M. Hester and M. M. Kearney, who represent the Boston Wool Trade and the National Wool Trade Association.

However, despite the fact that Kearney and Hester acted as lobbyists in the ordinary understanding of the word, the strange thing is neither of them registered as lobbyists.

Hester had his brother, Ewart, registered as a lobbyist at a salary of only \$5,000. But in wool trade circles, it is reported that C. M. Hester receives \$18,000 from the wool traders. Three congressmen admitted that Kearney and Hester lobbied with them on behalf of the wool bill, yet congressmen let them get away with ignoring the lobbying law.

—BATTLE OVER GREECE—

A significant battle is going on backstage over how to handle Greek aid. Two cabinet members, Secretary of Labor Schwelmbach and Secretary of the Treasury Snyder have been adamant that the Greek government drop its reactionary cabinet and restore civil liberties before we start pouring in the dollars. In various inter-cabinet discussions, they and their representatives have stood pat on this.

However, the State Department's Loy Henderson says this would be interfering with Greek sovereignty. The matter is still being debated.

NOTE—Neutral foreign diplomats believe that if the State Department wins, you can just about kiss that quarter of a billion dollars good-bye. It won't stop Communism and it won't end hunger. It will wind up in the pockets of Greece's "sixty families."

—STRIKE HOLDS UP G. I. CASSETS—

The War Department, which has been handling with painstaking care the unhappy work of returning the bodies of G. I. heroes from overseas, has run up against a snag. Strikes in the casket-making industry will probably make it impossible to bring the bodies home on schedule.

The work of returning about 200,000 war dead is much more difficult than most people can imagine. First of all, letters were sent to next of kin asking whether they wish their G. I. heroes returned to this country or buried in a military cemetery abroad. Actually, American military cemeteries overseas have been among the best kept and beautiful in the world. However, most relatives have elected to have the bodies returned.

The War Department had worked out a schedule for the shipment of caskets, but now strikes have occurred in two key companies manufacturing parts for caskets—Goodyear Aircraft and the Warren City Stamping company.

"The outlook is most pessimistic," John H. Fanning, labor relations expert for the Judge Advocate General's Office, has reported to Gen. Herman Feldman, Deputy Quartermaster General. "Both companies and the union are being adamant. The attitude of the companies is that they are the only ones who make caskets and whether they are delayed a week or a month isn't particularly bad, because they don't have the commercial incentive."

When War Department officials visited the Goodyear Aircraft Corporation which is supplying parts to casket makers, the CIO union was quite cooperative and agreed to the removal of all finished parts on hand. However, the management objected.

At the Warren Stamping Company, also making parts for caskets, another officer of the same union refused any cooperation with the War Department. According to a War Department report he was "intoxicated and abusive," and said the only way casket parts could be removed from the plant "would be by troops under arms with the actual exertion of force."

Meanwhile, casket production for the army has reached a dead stop.

—BRITISH ARMS FOR GREECE—

Despite official intimations to the contrary, Great Britain will definitely get about \$85,000,000 out of the money we voted for Greece and Turkey. Here is how she will get it.

The Greek Army is British-trained and British-equipped. And the British have convinced the State Department that it would be dangerous to substitute American arms for British arms, because a Greek division at the front equipped with British guns might receive ammunition designed for American guns.

Therefore, the State Department has agreed to buy about \$65,000,000 worth of additional British arms to supply the Greek army.

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) mail this coupon and a 3-cent stamped, self-addressed envelope to Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

Q. Do you have a recipe for borsch?

A. 2 pounds of rich soup meat, 3 potatoes, 2 onions, 5 tomatoes, 1/2 pound cabbage, 1 pound beets, 2 tbs. butter and 2 tbs. flour. Cut meat in two inch cubes and cover with cold water; bring to a boil and allow to simmer; chop onions fine and fry in butter; add beets cut in long fine pieces and cook five minutes; chop tomatoes, potatoes and cabbage and add to the meat and onion mixture; add 1 cup of the meat stock and cook until vegetables are tender; add cooked meat and stock to vegetables; when ready to serve add two or three tbs. of sour cream to each plate of soup if desired.

Q. I'm a veteran and have been in a hospital because of a service-connected disability for nine months since my discharge. Do I lose my reemployment rights in the Civil Service?

A. No. You have 90 days from the time of your release from the hospital to apply—provided that you are released within one year of discharge from the armed forces.

Q. Do whales really spout water?

A. No. The moist air blown from the whale's lungs condenses into drops of moisture in the colder atmosphere, thereby making it appear as a spouting from a fountain.

Q. Is it possible to see matter on the planet Venus?

A. No. Because of the deep layer of clouds perpetually overlaying the surface.

Q. In a novel that I was reading reference was made to the "Purple Cap." Can you tell me what it means?

A. During the early days of Christianity, a woman who professed to virginity as a religious function had a purple cap, somewhat like a small mitre, which was given to her when she was consecrated. This may have been the origin leading to the present-day nuns.

Baccalaureate Sunday Opens Graduation Week

Commencement activities for Escanaba Senior high school graduating class of 1947 will open Sunday at 8:15 p. m. with Baccalaureate service in William W. Oliver Memorial auditorium. The Rev. James H. Bell will deliver the Baccalaureate sermon, with the Rev. Fr. R. L. Dion giving the invocation and benediction.

There are 215 candidates for graduation this year, according to Edward Edick, Senior high school principal. While the number is not as large as the record of 1943, when 226 were graduated, it does exceed last year's 195 and indicates an upward trend, the principal added.

Eleven of the 215 candidates for graduation are war veterans who have completed their work since leaving military service. Of the 11, six will receive their diplomas in absentia because they are employed or will not be able to attend for other reasons. There is the possibility, however, that some of the six may be able to be home for the commencement.

Other events of Commencement week are scheduled as follows:

Tuesday—Honor Day. The "Class Day" events will start in the morning in the Senior high school auditorium with minor awards presented at a two-hour assembly program. In the afternoon at 1:45 o'clock in Wm. Oliver auditorium the Honor Day program will be held and the major awards presented. The National Honor Society banquet will be held at 6 o'clock in the Presbyterian church.

Wednesday—At noon in the Delta hotel the 11 honor students and their parents will be guests of the Rotary club at a noon luncheon. At 6 o'clock in the Lutheran church the Senior class banquet will be served, and following the banquet the undergraduates are sponsoring a dancing party for the graduating class in the high school.

Thursday—Commencement at 8:15 p. m. in Wm. Oliver auditorium.

Admission to all of the activities is by ticket only, and tickets have been distributed to the Seniors.

Clinic Cancelled—The health clinic scheduled for this afternoon at the Delta county health department center, has been cancelled. The next clinic will be on Friday, June 6, from 1:30 to 4 o'clock.

Episcopal Broadcast—The Rt. Rev. Herman R. Page, Bishop of the Episcopal Diocese of Northern Michigan, will be heard in a transcribed broadcast over WDBC, the Escanaba Daily Press radio station, at 7:30 this evening. The theme of the broadcast will be "Presiding Bishop's Fund for World Relief." The program, which includes other features, will continue until 7:45.

Motorist Fined—Arrested Sunday afternoon by sheriff's officers for speeding on Stephenson avenue, Russell Trepanier pleaded guilty in Justice Henry Ranguette's court and paid a fine of \$3 and costs of \$2.

Lumber Stolen—Alfred Brandt, building contractor, reported to police yesterday that 30 pieces of 2x4 lumber, 18 feet long, were stolen from the housing project at 11th avenue and south 15th street.

Choir Directors—A meeting of directors of choirs and other vocal groups will be held at the Escanaba Chamber of Commerce office 3:30 o'clock this afternoon to make plans for the singing of Hiawatha's Wedding Feast, by Coleridge-Taylor, at the Hiawathaland Saga spectacle July 3 to 6. Sam Ham will preside.

Office To Close—The social security office in Escanaba will close Friday for Memorial Day and re-open Monday. The summer schedule, hours from 8 a. m. to 4:30 p. m., except Saturday and Sunday, is now in effect.

Mission Aid, Bark River—The Ladies' Aid of the Bark River Mission church will meet at the home of Mr. and Mrs. Clarence Olson this evening at 8 o'clock. A program will be given, followed by a social.

GUARD ROSTER JUMPS TO 36

Two More Gladstone
Men Join; Drill
At 7:30 Tonight

Two new members were added yesterday to the roster of Company C, Delta county National Guard unit, bringing the total membership to 20 officers and 34 enlisted men, S-Sgt. LeRoy Erickson, who is in charge of recruiting, reports.

The new men are Eldridge Lennox, 1219 Wisconsin avenue, and Joseph Truckey, 109 South 16th street, both of Gladstone.

"We are very pleased with the response from Gladstone and hope that many more from Gladstone, Bark River, Wells and other surrounding communities, as well as Escanaba, will join the organization," he said.

"Company C is authorized a membership of five officers and 129 men and we hope to approach that figure as soon as possible in preparation for many activities of the company being planned. An interesting social and recreation program will be integrated with military training.

"When a man joins the National Guard, he is immediately placed on the payroll at the rate of one full day's pay for each two-hour drill period."

The company will meet at the State Fairgrounds Armory at 7:30 Thursday evening, and transportation to and from the Armory will be provided. Pickup points are the Escanaba postoffice and Fair store corners on Ludington street.

All men desiring to join are asked to attend tonight's session.

HARD MAPLE LOGS OR BLOCKS

Diameter 13" UP

Before selling your Maple Logs it will pay you to get in touch with us. We need blocks 18" long for our Bowling Pin Billets and can pay you more than you can realize for this material for lumber.

Stumps with large defective centers which have six or seven inches of solid wood often produce good billets. Do not destroy these but see us. If we can use them we will pay you a good price for them.

If you need a chain saw to cut your logs into blocks for us we have one available.

This is a local industry which needs your Maple Blocks either delivered to Vulcan or Gladstone.

Banquet Held By
Sixth Grade Of
Washington School

With a table highlighted by place cards, napkins and nut cups designed by the art classes of Washington school, the Sixth Grade Civic club of that school, 32 future high school students, held a banquet in the Junior high school dining room Monday night. Designs ranged from pirate drum majors to firemen.

The children had dainty flower garden hats made of lace doilies and crepe paper ribbons. As guests, they invited John Lemmer, superintendent of schools; Miss Helen Stenson, grade school supervisor; and the following teachers and mothers: Mrs. Arvid Johnson, Miss Lois Quinn, Miss Kathryn Smokovitz, Miss Martha McGuire, Miss Lenora Ryan, principal of Washington school; Miss Dressler and Miss Sheehan and Mrs. Olson, Mrs. Lindstrom and John Frechette.

Mr. Lemmer, Miss Stenson, Miss Ryan and several of the teachers spoke to the young students. Louis Terrian delivered the class' thanks to the guests.

Paul Blom was toastmaster for the occasion assisted by Carol Severinsen.

Foods were prepared by a committee of mothers as follows: Mrs. Oscar Kjellgren, chairman, Charlotte Severinsen, Mrs. Nettie Seidl, Mrs. Ralph Kennelly, Mrs. Arthur Servant, Mrs. Ernest LaFrenier, Mary VanEffen and Mrs. Patrick O'Connor, president of Washington PTA.

At the close of the banquet Miss Ryan was presented with a gift by the group in token of their appreciation for her chairmanship and leadership in the school.

Twins Six Years Old

Gary and Wayne Finman, twin sons of Mr. and Mrs. Harold Finman, of 1324 Stephenson avenue, who were six years old Tuesday, had an afternoon party at their home in honor of the day.

The youngsters played games and were served a birthday lunch with two large cakes centering the pink and yellow decorations. The twins received many gifts.

At their party were Jimmie Hamelin, Bary Peler, Johnny and Beverly Alm, Freddy Kelker, David Klassell, Sharon O'Neal, Veronica Grenholm, Glen and Harold Anderson, Billy Ranguette and Dale Mankse.

American Legion Auxiliary
All members of Cloverland Unit No. 82, American Legion Auxiliary, particularly Gold Star members, have been requested to participate in the Memorial Day parade. Members who can supply cars are asked to call Mrs. Nancy Petry. Members and cars are asked to be at the Junior high school at 10 a. m.

Merry Bluebirds
Nineteen Merry Bluebirds of the Barr school recently enjoyed a picnic at Pioneer Trail Park. The Campfire Girl group will participate in the Memorial Day parade, which will form at 10:30 a. m. Bluebirds are asked to be in ample time to join the parade.

Immanuel Aid
The Ladies Aid of Immanuel Lutheran church will meet in the church parlors at 2:30 o'clock this afternoon. The program will include a talk by Rev. Gustav Lund, Bethany pastor, and solos by Mrs. Dorothy DeGrand. Hostesses are Mrs. Louis Els, Mrs. Theodore Bohnenkamp and Mrs. Ludwig Brandson.

Barr Troop Brownies
Become Girl Scouts

Barr School Brownies of Girl Scout Troop 1 held a "Fly-Up" ceremony and birthday party Wednesday afternoon at the home of the leader, Mrs. H. L. Holderman.

Members of the troop who received their "wings" and flew up to become members of Mrs. Thomas McMeekan's Girl Scout troop were: Sara Dunathan, Carolyn Gilding, Mary Ellen McMeekan, Joan Gendron, Janice Carlson, Kay Christensen, Janice Lund, Helen Mae Olson, and Frances Bourke.

For the ceremony these girls were presented to the leader to receive their wings by the following girls: Karen Holderman, Julianne Groop, Penny Ross, Jane Frechette, Kristine Henderson, Nancy Jensen, Anita Theriault and Catherine Rouman.

They were received into the new troop by Mrs. E. H. Niederauer, representing the leader who was unable to attend.

After receiving their wings the new scouts recited the Girl Scout Promise and laws in unison, and lighted a green candle to represent each law.

The troop also celebrated its second birthday with a beautiful cake, topped by two candles. The candles were lighted by Jane Frechette and Karen Holderman, the only two charter members left in the troop.

Mothers who attended the party and assisted Mrs. Holderman were: Mrs. Robert Henderson, assistant leader, Mrs. Arthur Lund, Mrs. Henry Besson, Mrs. Fred Ross, Mrs. C. B. Dunathan, Mrs. Ralph Christensen, and Mrs. Walter Carlson.

Olaf Hanson, 80, Of Escanaba Dies

Olaf Hanson, 80, retired timber jobber, died at St. Francis hospital 6:50 o'clock yesterday morning after a brief illness. He had made his home in recent years with his daughter, Mrs. Runar Norman, 204 South Eighth street. Mr. Hanson was born in Malmo, Sweden, Sept. 15, 1866, and came to this country when 19 years of age, settling first at Bailey's Harbor, Wis. Later, he moved to Stonington, and came to Escanaba 25 years ago.

He is survived by nine sons and six daughters: John, Stonington; Edwin, Trenary; Herbert, Frank, Wilbert, Albin and Wesley, Escanaba; George, Milwaukee; Olaf, Jr., Greenville, Mich.; Mrs. Gust Bittner, Mrs. Lillie Thompson, Mrs. Ira Redfern, Selma, Calif.; Mrs. August Erickson, South St. Paul; Mrs. Geraldine Anderson, DeKalb, Ill.; and Mrs. Norman, Escanaba. He also leaves 50 grandchildren and 24 great grandchildren. His wife died in 1936. The body will lie in state at the Anderson funeral home, beginning at 7 o'clock this evening. Funeral services will be held at 2 o'clock Saturday afternoon, with Rev. Karl J. Hammar officiating. Burial will be in Lakeview cemetery.

Custodians Meet At Chatham Camp

Custodians of business firms, churches, schools and other organizations throughout the Upper Peninsula have been invited to attend a school in building maintenance to be held at Camp Shaw, Chatham, June 30 to July 3.

Following the school, which is sponsored by the Michigan State college extension department, maintenance classes also will be organized in any community where 10 or more custodians or engineers agree to hold meetings. Part of the MSC adult education extension service, classes will follow three programs of in-service training, a specialized course and a summer conference.

"Several nationally known men will offer instruction in practical application at the school," Kaven said. "Julius Barbour, school administrator of MSC and a specialist in custodial engineering will direct such instruction."

"Since instruction pertains to actual working conditions, classes should be of considerable interest to all custodians."

Skis Are Produced In Ironwood Plant

Ironwood, Mich.—Skis for the average youngster, not for professional skiers, are the business of one of Ironwood's newest industries, the Mt. Zion Ski company.

Taken over in partnership by four local men, Chris Anderson, Charles Anderson, Arthur Bergquist, and Joe Lloyd, when a Chicago firm withdrew two years ago the company turns out skis from 28 inches to six feet nine inches long.

All native woods, maple, birch, and ash, are used in manufacture. The wood strips come in as ordinary boards and are first cut to size on a circular saw.

John B. Gerou, 84, Dies In Perkins

John B. Gerou, 84, well known Perkins resident, died at his home yesterday noon following a 14-day illness. He had resided in Perkins 57 years.

Mr. Gerou was born in Ottawa, Can., Dec. 3, 1862, and was married to Louise Beauchamp in Perkins Aug. 13, 1894. Besides the widow, 10 children survive: Mrs. Rose Ritchie, Perkins; Adeline Gerou, Rock; Mrs. Walter Meyers, Paul and Baptist Gerou, Mrs. Peter Vipey, Joe Gerou, Mrs. Albert Burdick of Kenosha, Wis.; Oliver and Leo Gerou. A stepdaughter in Montreal also survives.

He was a member of the Holy Name society of St. Joseph's church of Perkins.

The body will lie in state at the Allo funeral home, beginning this evening. Funeral services will be held at 9:30 o'clock Friday morning at St. Joseph's church in Perkins. Burial will be in the Gardens of Rest.

Music Educators Group Organized

Miss Alice McConaughy, supervisor of music in Breitung township grade schools and director of the vocal department of Kingsford High, was named corresponding secretary of the Upper Peninsula School Music Educators association, organized at a meeting in Marquette.

Other officers are Walter Daley, of Negaunee, president; D. T. Howlett, of Munising, vice-president, and Miss Helen White of Ironwood, recording secretary and treasurer.

Named on a committee to consider objectives of the new association and to draft a constitution for consideration at a meeting of the group in September, were T. Raymond Uhlinger, of Iron Mountain; Albert Shomento, of Escanaba, and Duane Haskell, head of the music department at Northern college, Marquette.

At the meeting held in the morning, a discussion of festivals held this year in Marquette and Escanaba was conducted by Mr. Haskell. Topics discussed included the relationship between the Upper and Lower Peninsulas in the state music association; MEA meetings; possibilities for a summer music camp in the Peninsula; a program of music for grade and junior high pupils, and plans for a meeting to be held in the fall to select music to be played at the festivals next spring.

During the afternoon session, it was voted that the group be organized as a separate unit from the Lower Peninsula—not to be isolated, but to encourage activities which would stimulate interest in music.

Report Shows Deer Wintered Well In Central U. P. Area

Generally mild weather and a short yarding season for deer in the Delta-Marquette-Alger county district last winter brought the deer herds through "in good shape," Gene Hesterberg, Escanaba, of the conservation department game division reported yesterday. There are 54 known deer yards in this area, Hesterberg said. These are in Delta, Marquette and the western part of Alger counties. Most of these yards were inspected during the winter to determine the condition of the deer using these areas.

"Briefly, the deer in the south part of this district had very mild weather and the north part of the same district witnessed a relatively short yarding season together with not too severe winter weather. The deer of both regions pulled through in good shape. While on winter deer inspections, the deer observed were lively and presented a good appearance; further-

festivals next spring.

During the afternoon session, it was voted that the group be organized as a separate unit from the Lower Peninsula—not to be isolated, but to encourage activities which would stimulate interest in music.

more, no dead deer were found in yards visited at the end of the season," Hesterberg said.

Where deer were confined to yards, the season was about 75 days long, from February to the middle of April. For this reason emergency cutting operations were not requested. These cutting operations may be advised necessary by the district game manager in deer yards where deer starvation is imminent.

Because of the generally mild winter the deer were not confined to yards in some places. Temperatures ranged from 50 above to 16 below zero, with low temperature periods of short duration.

BALLENSINGER DIES SUDDENLY

Escanaba Man Stricken Tuesday At Cottage Near Manistique

Richard W. Ballensinger, 60, of 605 South 14th street, Escanaba, well known in the Upper Peninsula through his employment with the Office of Price Administration for the past four years, died at 8:30 p. m. Tuesday of a cerebral hemorrhage. His death occurred suddenly while he was at his cottage at Jodge Lake near Manistique. Born June 21, 1886, in Germany, Ballensinger came to the United States at the age of 16. From New York he went to Sault Ste. Marie as a young man and there operated a grocery and meat store for a number of years. He came to Escanaba four years ago and was employed by the OPA until that agency was recently terminated. During World War I he was a captain in the United States forces. He was a member of the Knights of Pythias and the American Legion "40 and 8"; the Veterans of Foreign Wars, the Legion, and the Macabees. Surviving are his wife, a son, William, of Tampa, Fla.; two sisters residing in Germany, and a grandson. The body was taken to the Al-

Rates On Railway Passenger Fares Will Go Up Sunday

Washington, May 28 (AP) — The recently authorized ten percent increase in basic railroad passenger fares in the East will become effective next Sunday, June 1. The 60 railroads which obtained the authority last week so notified the Interstate Commerce Commission today, and are posting public notices at passenger stations.

The increase puts one-way coach fares up from 2.2 to 2.5 cents per mile and sleeping and parlor car fares up from 3.3 to 3.5 cents per mile, with an increase of about 15 percent in round-trip rates.

BISHOP WANTS JOB

Lansing, May 28 (AP) — Senator Otto W. Bishop, veteran Alpena Republican, today became the second state legislator to announce himself a candidate for the congressional vacancy created in the 11th Michigan district by the death of the late Rep. Fred Bradley of Alpena.

Victor C. Knox, Sault Ste. Marie Republican and House speaker, announced earlier this week. Senator George C. Gribbach, Sault Ste. Marie Republican, has been named as another possible candidate for the vacancy.

Colonel Convicted Of Stealing 500 Diamonds In Japan

Yokohama, Thursday, May 29 (AP) — Colonel Edward J. Murray of Palo Alto, Calif., was convicted today by an Army court martial board which tried him on charges of misappropriation of some 500 diamonds while he was custodian of the Bank of Japan vaults.

There was no immediate announcement whether Murray had been found guilty of more than one of the charges. There were two formal charges, including six separate specifications. The court martial board of several generals and one colonel which had deliberated the case since a recess shortly after 9 a. m., reentered the courtroom at 10:40 and asked the prosecutor, Capt. Andrew H. Bachison, Oak Harbor, Wash., to read the defendant's personal data.

Under court martial procedure, this was clear evidence the court had convicted him, for an acquittal would have been announced immediately. The court then recessed again to determine the sentence to be imposed.

Huge St. Lawrence Seaway Project Is Backed By Marshall

Washington, May 28 (AP) — Secretary of State Marshall testified today that completion of the \$500,000,000 St. Lawrence Seaway would aid "immeasurably" in joint United States-Canadian defense of North America.

Both Marshall and former President Herbert Hoover told a Senate Foreign Relations subcommittee that the long-debated project is, in effect, a must. The Senate group is studying legislation to authorize construction of the giant international development, designed to provide a deep-water channel from the Great Lakes to the sea and to generate hydro-electric power.

Both expressed approval of tolls to make the seaway self-liquidating. The tolls proposal is the main new feature included in the present bill. Otherwise it is virtually identical to other St. Lawrence legislation previously before Congress.

Tides Cause Heavy Loss At Kenosha; Fish Tug Missing

Kenosha, Wis., May 28 (AP) — At least one fishing boat was missing and heavy damage was caused today after surging Lake Michigan tides that rose and fell as much as five feet battered Kenosha harbor and other nearby bays for several hours.

The Coast Guard reported it had launched a lifeboat tonight to search for a Racine, Wis., fishing tug, the G. W. McDonald, which was nearly 11 hours overdue in port. Three persons were reported aboard the 40-foot craft, which was due back from an early morning fishing trip at 1:30 p. m. (CST) today.

They were identified as Raymond McDonald, his son, and Alfred Johnson, an employee of McDonald in a commercial fishing business. Numerous boats were tossed about in the harbor, and one pier was destroyed. The Coast Guard said there were no official estimates of damage as yet but that "if things were rebuilt the way they were it would cost more than \$500,000."

WHITEWASH CHARGED

Washington, May 28 (AP) — Rep. Reeves (R-Mo.) told the House today that Attorney General Clark sought to "whitewash" alleged vote frauds in Kansas City and now "wants to apply a hush and lock to the well-known empty barn."

Reeves discussed the theft of evidence upon which 81 indictments charging fraud in last fall's Democratic primary. Reeves emerged the winner in the election which followed the primary.

"He had this opportunity to investigate that primary election," Reeves said of Clark. "It was matter of common knowledge that there had been widespread fraud, miscounts, ballot stealing and vote buying—all of the same things which resulted in mass convictions in the federal courts following the 1936 election."

Reeves said he now knows that the attorney general last year directed the FBI "merely to interview" members of the election board and Kansas City Star reporters who had themselves made investigations.

"This close limitation on the activities of the FBI shows plainly that the intention was to whitewash, not to investigate," he said.

Pressure Blamed For Communistic Hollywood Movies

BY DOUGLAS B. CORNELL

Washington, May 28 (AP) — The House Un-American Activities Committee ordered an investigation today to follow up a subcommittee report that "some of the most flagrant Communist propaganda films were produced as a result of White House pressure."

The subcommittee offered no details or explanation beyond that one short statement. It did not say when or to whom the pressure was applied, or who was in the White House at the time. It withheld the number and names of the pictures.

During recent hearings in Hollywood film actor Robert Taylor told the subcommittee a government representative forced him to appear against his will in the picture "Song of Russia," which he considered Russian propaganda.

54-Year-Old Quimet Sets Pace For U. S. In Carnoustie Golf

Carnoustie, May 28 (AP) — For a "non-playing" captain, 54-year-old Francis Quimet of Boston did all right today as he led six of his American Walker cup stalwarts into the fourth round of the British amateur championship over the sun-baked Carnoustie course.

While members of the younger set were falling out like flies to reduce the field of survivors to 32, the 1913 American open champion chugged serenely past a morning opponent and then fought to the 19th hole of a fierce Carnoustie club member, J. R. Hosie.

Joining their weary but triumphant leader in the continuing chase of the coveted British crown were Ted Bishop of South Natick, Mass., Marvin (Bud) Ward of Spokane, Wash., Willie Turnesa of White Plains, N. Y., Dick Chapman of Pinehurst, N. C., Frank Stranahan of Toledo, O., and Skee Riegel of Glendale, Calif.

Seven other Americans, including the Walker cup squadmen Fred Kammer Jr., of Detroit, George Hamer of Columbus, Ga., and Bob Sweeney Jr., of New York and London, bit the dust.

BY CHARLES DUNKLEY Chicago, May 28 (AP) — Heavyweight Dick Hagan, Chicago, hammered out a second-round knockout over Georoid O'Colmain, Irish blacksmith, as the Chicago Golden Gloves defeated an all-European amateur squad, seven bouts to one, before a capacity crowd of 21,302 at the Chicago Stadium tonight.

Tiger Clutch Hitter Can Come Through When Chips Down

Detroit, May 28 (AP) — Rain brought the Detroit Tigers' 11th washout of the baseball season today, forcing postponement of the third game of a four-game series with the Cleveland Indians and Pitchers Paul (Dizzy) Trout of the Tigers and Charles (Red) Embree of the Indians will wait until Thursday to hook up on the mound.

Embree has faced the Tigers twice previously and lost both shutout decisions, one of them to Trout in Cleveland in Dizzy's only previous effort against the Tribe this year.

While the Tigers sat out another rainy afternoon interest focused on the phenomenal .545 batting average compiled by the graying Roger (Doc) Cramer, a 1945 regular who hasn't played once this season in his familiar center field post but has rattled off six hits in 11 times at bat under pinch-hitting pressure.

Cramer, with five singles in his last seven trips to the plate in clutch spots, has been one of the key men in Detroit's drive to the league lead.

"It proves a good hitter can be just as valuable in the dugout as in the regular lineup," Manager Steve O'Neill declared. "Cramer doesn't have a regular place in the batting order, so we can pick the spots to send him up there. It's just like adding another run for our side when Doc picks up his bat."

Pudgy Mauriello Goes All Out To Win On Technical

Brooklyn, May 28 (AP) — Tami Mauriello, rotund tavern-keeper from the Bronx, had to go all out tonight to get a technical knockout victory over Jimmy Carollo, young Long Island thumper, in the fifth round of a scheduled 10-round bout headlining the first fisticuffing at Ebbets Field in a year. Mauriello weighed 203 3-4, Carollo 198 1-2.

A crowd of 11,000, who contributed to a gross gate of \$38,025 saw Carollo come off the deck from two second-round knockdowns to fight the puffing, pudgy barkeep to a standstill. Then, Mauriello, apparently tiring and nearing the point where he was going to need his gas-tank refilled, suddenly lashed out in the fifth and finished it. A right hand lead dropped Carollo, who had won 13 straight fights since being discharged from the Army.

He was up at nine, and Mauriello swarmed in and cut loose with everything he had left. With Jimmy Obviously hurt and unable to do anything about it, Referee Ruby Goldstein stopped the proceedings at 2:58 of the fifth.

LEGION POST SPONSORS BAND

H. Maciejewski Named Leader, Meeting at 7:30 Tonight

Munising — Having noticed the need of a community band in Munising for some time, the Roderick-Prato post of the American Legion has decided to sponsor one and has named Henry Maciejewski as leader-conductor.

Maciejewski announced yesterday that an organization meeting will be held this evening in the Legion club, beginning at 7:30, and has invited all Alger county adults above high school age interested in joining a municipal band to attend.

The conductor said the band will be a non-profit organization, organized for the benefit of Munising and Alger county. After sufficient practice, the band probably will present weekly concerts and will be available for parades.

Maciejewski asked persons interested in playing in the band to turn out in force at the meeting tonight and bring their instruments with them so that a practice session might be held. He also requests persons having instruments to sell or loan to contact him as soon as possible.

FINE TWO FOR SALE TO MINOR

Bar Keepers Arraigned
Here After Disturbance
On Main Street

Two Gladstone tavern operators were fined this week for sale of alcoholic beverages to a minor. Joseph Raiche, proprietor of The Spot, and Charles Beck, proprietor of Charlie's Tavern, were the men and each paid \$25 fine and \$5.15 costs upon entering pleas of guilty before Justice of Peace O. C. Estenson.

The arrests came after a 20-year-old Gladstone youth became intoxicated Sunday evening and started breaking bottles and creating a disturbance on the main street.

He told authorities he had seven evening at the city hall at which time policy for the year will be formulated.

Honor War Dead At Rites Memorial Day

Tribute will be paid war dead of this city Friday at annual Memorial Day exercises arranged by August Mattson Post, American Legion, under the direction of O'Neil D'Amour, general chairman.

Legionnaires and ex-service-men will leave the Legion at 10 o'clock for a short parade on which at the high school they will be joined by the high school band and the Boy Scouts.

Returning to the Legion hall they will enter cars for Fernwood cemetery and the Legion burial plot.

Colors will be borne by Lawrence Shampo and James Nelson and the guards will be Joanne Leroux, Mrs. Lamarr Kelly and Josephine Kinkella.

At Fernwood there will be the flag raising, invocation by the Rev. Glenn Kjellberg, appropriate band selections by the high school band directed by Irving Johns, reading of a portion of Will Carl-ton's "Cover Them Over" by Pat

Bolger, the Memorial Day address by the Rev. Fr. Matt LaViolette, a salute to the dead by a firing squad under the direction of Syl-

vester Schram and taps sounded by Buglers Charles Green and Warren Peterson.

CLOSES SUCCESSFUL SEASON—Closing what is generally regarded as the most successful band season in the history of the school, the Manistique high school band is making its final bow this week. The membership will be greatly decimated through graduation.

Following is the personnel:

Mr. Giovanni, Bruce Plichta, Dan Foye, Steve Barko, Hugh Bundy, Geo. Rasmussen, Dan Curran, Wm. Mueller, Dan Fox, Jim Monroe, Larry Curran, Eugene McBurney, Van Mueller, Jim Nelson, Wes Schubring, Lean Linderoth.

2nd row: Angela Frankovich, Ruth Martenson, Joan McNamara, Helen Anderson, Helen Chernisky, Dan Giovanni, Hal Bundy, Herb Peterson, Wm. Prine, Pat Shaw, Chuck Lindstrom, Ray Norberg, Mert LaBar, Arlene Curley, Edith Kristoferson, Shirley Anderson, Mary Lee Stevens, Dolores Tayna, Dawn Gustafson.

Front row: Eleanor Nelson, Helen Hambeau, Lois Garvin, Joan Norberg, Jean Swingle, Mary Louise Hall, Joyce Martinson, Betty Swanson, Margaret Mueller, Evelyn Anderson, Joan Sheehan, Gladys Strasser, Jackie Thorell, Pat Frankovich, Ann Peters, Helen Gierke, and Florence Hulett. (Photo Camera Shop)

IT'S 6½ POUNDS!—Kenneth Kane, Manistique Route 1, is justly proud of this six and one-half pound rainbow trout caught from the Indian river on worms on May 23. The fish is the first to be entered in the Daily Press fishing contest from the Manistique area. (Photo by Bradley)

People of the Manistique trade area appear to be receptive to the idea of having stores kept open Friday evenings and have them close on Saturday noons. Results of a poll conducted by the Chamber of Commerce indicates a 2 to 1 sentiment against staying open both Friday evening and Saturday afternoon.

In a recent questionnaire sent out to both local shoppers and people residing in outlying areas, 668 people expressed their views. People from rural areas asked if they favored the proposal to remain open Friday evenings and close Saturday noon favored the idea to the number of 63; and in the city 187 people were for it.

To the proposal that stores close Friday evenings, but remain open Saturday afternoons, there were 75 rural people favoring and 148 town people favoring. To the proposal that stores be kept open both Friday and Saturday evenings there was an emphatic no from both city and country, 185 favoring and 482 objecting.

The overall picture seems to denote that most people are in favor of staying open either Friday evening or Saturday afternoon and whichever day is chosen really makes little difference.

In the questionnaire sent out, space was allotted also for expression of personal opinion. Many of the answers were of a comedy nature and some were definitely to the point. "Good way to send business to Escanaba," "Stores should be open Mondays, Wednesdays and Saturdays until 9 o'clock," "Why do they need days off? We work seven days a week," "Why not let the clerks decide?" "Leave the store hours as they are and employ more help," were among the many answers returned.

Pleads Guilty To Property Damage

Adolph Potzer, of Engadine, pleaded guilty in local justice court Wednesday morning to a charge of property damage and was fined \$10 and costs of \$5. He was also required to pay \$5 restitution.

Potzer was arrested by state police on complaint of Joel Edwards, where he was staying at the time of the action complained of. He has made arrangements to pay fine and costs.

CARD OF THANKS

I want to thank all my many friends and relatives in my own plain way for the daily showers of cards, letters, gifts, and flowers which I received during my stay at St. Francis hospital and also since I have returned home. This kind thoughtfulness will never be forgotten.

Signed:
Mrs. Archie DeSautel

WILL HONOR
SOLDIER DEAD

Rev. G. A. Herbert To
Deliver Memorial
Day Address

Manistique and vicinity will honor the memory of its soldier dead with appropriate ceremony Friday morning.

The Rev. G. A. Herbert, who during World War II was chaplain at the Navy hospital at Great Lakes, Ill., will deliver the Memorial day address, members of the three local ex-service men's organizations will march in parade in honor of their departed comrades and a salute to the dead will be given at both Fairview and Lakeview cemeteries. Rev. Herbert will speak at Lakeview cemetery.

According to the plans of the tri-post committee, veterans of World Wars I and II are asked to report at the American Legion cottage at 9:30 a. m.

Led by color bearers, the color guard, the band and the firing squad, veterans will line up at the cottage and proceed along Pearl street to the Soldiers Monument at the Triangle Park where a salute will be fired. The line of march will proceed on to the Soldiers Monument at the intersection of River and Elk streets where another salute will be fired. From there the parade will continue along US-2 as far as Main street and then on to Lakeview cemetery.

Asked to join in the parade will be Boy and Girl Scout troops, 4-H club members, Legion and VFW auxiliaries and any such others as may wish to join. Transportation will be provided for Gold Star mothers, disabled veterans and veterans of the Spanish-American war.

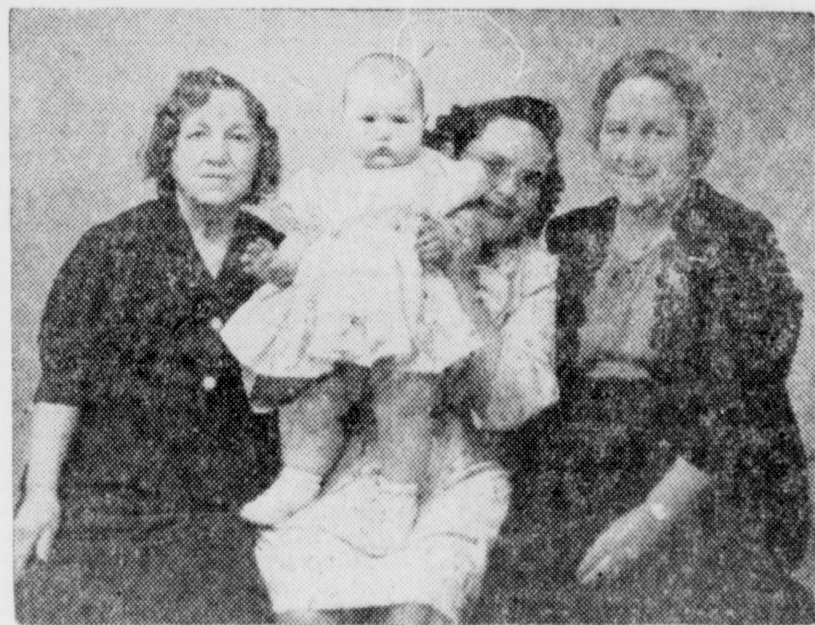

Graves will be decorated today.

Registration For
School Election
Is Still Open

Registration for voting in the coming school election is still open, according to A. F. Hall, city superintendent of schools. Those who wish to register may do so at the Central school through Saturday.

Ignores Stop Sign,
Crashes Into Car

Failure to heed a stop sign warning brought a traffic violation fine for Miss Ila Gilroy after she appeared in justice court on summons from a city police officer.

The summons came after the car she was driving, owned jointly by Miss Gilroy and Charles Willette, crashed into a car driven by Max Lieberman.

The matter of property damage is being settled out of court.

28 Cars Qualify For 31st Indianapolis Speedway Memorial Race

SEVEN ASPAR HOLDOUTS IN

Rex Mays, 2nd Twice, Ready For Bid In 500-mile Classic

BY DALE BURGESS
Indianapolis, May 28. (AP)—Twenty-eight cars, five less than a full field, were qualified tonight for the 31st annual running of the 500-mile Memorial day race at the Indianapolis Motor Speedway Friday and 11 of the starters earned their positions in a last-day rush that had seven cars at once just before the qualifications ended at 7 p. m. (EST).

There were 27 other cars at the track that didn't make the grade. Some were too slow, some had mechanical trouble and others arrived too late for their drivers to get in practice runs.

Altogether there were 21 original entrants and seven post-entrants in the field. The seven were among 15 who signed entries after the Speedway last week settled a prize-money dispute with members of the American Society of Professional Automobile Racers.

Nation Averages 128
The best time in the final qualification period was turned in by Duke Nalon, veteran Los Angeles driver, who qualified a big aluminum-colored Mercedes at 128.082 miles an hour, but the pre-race leader still was newcomer Bill Holland of Bridgeport, Conn., who qualified a Blue Crown Sparkplug Special last week at 128.756.

Rex Mays of Glendale, Calif., who twice has finished second in the race, barely got into the starting field with the new Bowes Seal Fast Special after having trouble with the shock absorbers. He made his trial run with only 20 minutes to go and covered the ten miles at an average of 124.412 miles an hour.

H. L. Brooke of Coventry, England, the only foreign entrant, had engine trouble with his E. R. A. car and did not attempt to qualify.

Michigan Driver In
Two first-time drivers at the track made the grade today. They were Charles Van Acker of South Bend, Ind., and Fred Agabashian of Albany, Calif. Van Acker took a driving test last year but failed to enter the race. Today he qualified a car owned by Joe Lencki of Chicago and powered by the engine salvaged from Mauri Rose's 1946 wreck. Agabashian made the lineup in an Offenhauser owned by Ross Page of Oxnard, Calif.

Experienced speedway drivers who qualified in the final trial session were Joe Chitwood, Reading, Pa.; Henry Banks, Lynnwood, Calif.; Al Miller, Standish, Mich.; Paul Russo, Kenosha, Wis.; Tony Bettenhausen, Tinley Park, Ill.; Duke Dinsmore, Osborne, Ohio; Cy Marshall, Jacksonville, Fla.; Mays and Nalon.

BUMS WALLOP GIANTS, 14-2

New York, May 28. (AP)—The Brooklyn Dodgers' unimpaired big guns with a 19-hit assault against a quartet of Giants pitchers today for a 14-2 victory and bounded past the New Yorkers into a temporary tie for first place with Chicago. The Cubs met Pittsburgh in a night game. Ringleader of the Brooks' second straight conquest over the New Yorkers was stocky Bruce Edwards. The catcher belted a triple with three mates on in the fifth inning off Relief Hurler Bill Voiselle and clouted a three-run homer in the seventh off Bill Ayers, third Giant flinger. Edwards also got a single for a three out of five day.

Dixie Walker, who hits New York pitchers as if he owns them, connected for only one blow today but it was a four-bagger with two on in the eighth. A third Brooklyn homer was poled by Eddie Miksis who replaced Second Baseman Eddie Stanky when the latter was tossed out of the contest for arguing a play. Miksis also rapped out two singles.

With that kind of batting support, Rookie Righthander Harry Taylor breezed to his first victory of the year. He has lost one game. Taylor, who came up from St. Paul late last year, stood the Giants on their ears for seven of the nine innings.

Bay de Noc Baseball Loop Opens Schedule With 4 Games Sunday

BAY DE NOC LEAGUE
Sunday Games
Nahma at Cooks
Fayette at Garden
Rapid River at Perkins
Little Lake at Rock

The newly organized Bay de Noc Baseball league, which promises to develop into one of the fastest little loops in the Upper Peninsula, will open its season's schedule Sunday afternoon, June 1, with a full slate of four games.

MAIL BOX SCORES

In order to provide coverage of all Bay de Noc Baseball league games, managers of winning teams each Sunday are requested to mail box scores and pertinent game data to the Sports Editor, Escanaba Daily Press. They should be placed in the mail Sunday nights following the afternoon games.

Since only a few sporadic practice tilts and non-league affairs have been played to date, little is known of the comparative strength of the eight teams set to present their bids for the first Bay de Noc championship.

Available evidence, however, points to a bang-up battle at Cooks Sunday. Cooks showed it carried considerable potency in its bats by collecting 17 hits to top Fayette 19-5, in a non-loop game last Sunday. And Nahma, which will battle Cooks Sunday, also showed great promise by holding Perronville, Cloverland league champion, to a 11-9 triumph.

Cooks also has trimmed Gulliver and will take Gulliver on again Memorial afternoon on the

OFFICIALS FOR RELAYS NAMED

U. P. Track Classic To Draw bout 150 Athletes

Officials for the 20th annual Upper Peninsula relays, second major high school track event to be held at the Escanaba athletic field this season, were announced yesterday by Edward E. Edick, meet manager. The relays will be held tomorrow afternoon.

Among the early entries announced yesterday were L'Anse, Upper Peninsula Class C winner last Saturday, Munising and Hancock in Class C; Eben, runnerup to Powers in Class D-E last Saturday, and John D. Pierce (Marquette) in D-E, and Newberry, Manistique, Iron Mountain, Marquette and Escanaba in Class B.

Many outstanding individual clashes are shaping up, Coach Jim Rouman pointed out yesterday. Approximately 150 athletes are slated to compete.

Officials for the Memorial Day track classic here are: Referee, C. B. Hedgecock, Northem Michigan; starter, Vic Hurst, NMCE; clerk of course, Clarence Zerbe; head timer, George Ruzewich; chief judge of finish, William Puckelwartz; track judges, George Grab and Dick Schram; host coaches, Jim Rouman and Henry Wylie.

Assistant clerks, A. Mathison, Fred Benette; judges of finish, Bob Dufour, Don Dufresne, Don McKie, Vernon Ilfenfeldt; timers, Gene Hebert, Al Ness, John Edick; announcer, Bert Henne; pole vault judges, R. C. Shaw, L. C. Shaw; field marshals, E. J. Nicholas, B. B. Loveland, Joe Petrak, Erwin Wolfe; arrangements, John Bartel.

YANKEES MAUL SENATORS, 9-5

Washington, May 28. (AP)—New York's Yankees mauling Washington pitching for 13 hits and a 9-5 victory here tonight before a crowd of 21,518. It was the Yankees' sixth triumph in their last seven games.

Bill Johnson blasted across five New York runs with a double and two singles, while Charley Keller and Joe DiMaggio also contributed three hits. Keller scored four times.

The Yankees clipped Bobo Newsom for nine of their hits in handing him his third defeat. Randy Gumpert, who replaced Tommy Byrne in the first inning, received credit for the win. He later was replaced by Don Johnson, who stopped the Senators with three hits in the last five innings.

latter's diamond. Fayette, profiting by its mistakes in the practice game last Sunday, is set to give a good account of itself against Garden.

In the other two openers, Rapid River at Perkins and Little Lake at Rock, battles among unknown quantities will be fought. Managers of these four teams have been conspicuously quiet about the potentialities of their cohorts.

And as is true when such silence is observed, each expects to explode considerable potency Sunday afternoon as loop play gets underway.

Formal Softball Opening Set For Sunday, June 8

The much-postponed city softball formal opening program and feature doubleheader is scheduled to be held at Escanaba Memorial Field Sunday evening, June 8, and will be staged the following Tuesday evening if weather conditions prohibit the Sunday program, it was announced yesterday.

Knights of Columbus and Farmers Supply are slated to meet in the opener at 7:30, followed by a clash between Liberty Loan and People's Bar. A ceremony will be held between games. All players and fans are asked to work on the field this evening, beginning at 7. Paul Vardigan, association secretary, said yesterday that batting and pitching averages will be published later. Winning team managers are responsible for reporting outcomes of their games, he asserted.

"Player passes for \$1 each admitting them to all league games are now available," Vardigan said. City teams may play only sanctioned teams. It also was decided at a meeting this week that only managers and captains will be permitted to argue fine points of softball rules with officials. Umpires are authorized to ban players for excessive roughness.

BY JIM WARD

So successful was the U. P. high school track and field finals here last Saturday that it appears probable the event will be made an annual affair in Escanaba.

Escanaba high school officials favor such a move, and facilities here are more than adequate to handle the meet relinquished by Michigan Tech because of overtaxed facilities in Houghton.

Granted the approval of other schools in the Upper Peninsula—there were no dissenters or serious complaints of any nature last Saturday—the decision to hold the finals here each year rests with the MHSAA.

This is an interesting development and one that does Escanaba credit, but oddly enough, it may spell eventual finis to the Upper Peninsula relays—Escanaba's own athletic field tomorrow afternoon.

It goes without saying that the relays, year after year, would be an anti-climax to the official U. P. track finals, held the preceding week. And this, of course, would

PIRATES DEPOSE LEAD CUBS, 7-6

Pittsburgh, May 28. (AP)—The Pittsburgh Pirates put on another thrill-a-minute finish tonight as they came from behind with a three run rally in the ninth to edge the Chicago Cubs, 7 to 6, and topped the Chicagoans from the league lead.

Art Herring, the last of four Pirate hurriers, was credited with the win. A crowd of 30,339 watched the contest.

BILLY CONN COMEBACK?

Pittsburgh, May 28. (AP)—Billy Conn, retired Pittsburgh boxing master, said today he would attempt a heavyweight comeback if he "can get in satisfactory shape."

Maurice "Rocket" Richard, Montreal Canadian hockey star, was selected the league player most valuable to his team.

Along with the honor went a \$1,000 check to go along with the thous and simoleons Richard plucked when he was named right wing on the league all-star team.

The Marquette boxing show, scheduled to be held tonight, has been postponed until next September. Which makes the Fourth of July—Hiawathaland Festival show in Escanaba the next big fight show on the U. P. sports calendar.

BOSTON BLASTS ATHLETICS, 9-2

Philadelphia, May 28. (AP)—The Boston Red Sox, flashing again the power that carried them to the American league championship last year, blasted the Philadelphia Athletics 9-2 today before 3,433.

One big inning won the ball game as the Sox, shelled Starter Jesse Flores and Reliever McCahan from the hill with a seven-run spurge in the fifth. Wally Moses hit a single and double in the big frame, and Dom DiMaggio and Bobby Doerr each batted in a pair of runs.

Boston's other two runs came in the second when Rudy York hammered his fifth home run of the season into the left field stands with Ted Williams aboard.

Big Dave (Boo) Ferriss, racking up his third win against four losses, had trouble with only two Philadelphia batters. Rookie Catcher Mickey Guerra connected for three of the A's seven hits, and Rookie Outfielder Dick Adams homered with the bases empty in the eighth. Gene Handley tore ligaments in his left knee chasing a pop single in the fifth and will be lost to the A's indefinitely.

Iron River Folks Killed In Accident

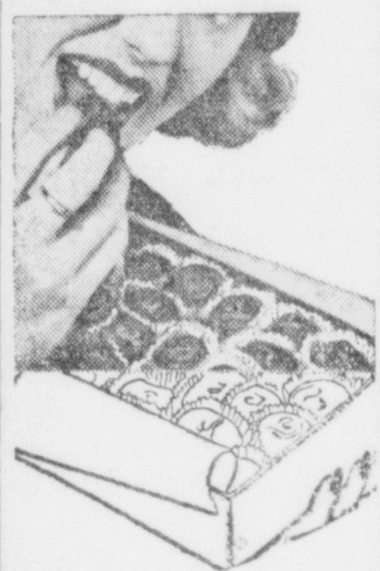

Iron River, Mich.—Two sisters, one of them the mother of four small children, were killed instantly Friday night when the car in which they were riding left US Highway 2 at Beechwood, eight miles west of here, and overturned in a ditch.

The dead were Mrs. Arnold Johivin, 26 and her sister, Geraldine Vassar. They were on their way to Iron River when the accident occurred.

Betty Johivin 4, daughter of one of the victims, was pinned under the wreckage and sustained a possible broken hip. She was extricated by 15 passengers of a Greyhound bus which stopped at the scene of the mishap.

Two other persons, Bernard Johivin, 16 and his cousin, Douglas Hammer, 25 were not injured. Johivin is employed in Escanaba.
